

RYEDALE SCHOOL

Aspire and Achieve

8th November 2018

Dear Parent/Carer,

I am writing to advise you that the Science department has a range of revision guides that we strongly recommend to all students taking the new GCSE science course. The revision books are available for those studying triple science and those studying combined science. The retail price for these revision guides is £5.99 each (separate sciences) and £9.99 (combined science); however, we have been able to negotiate a substantial discount and can offer them at the following prices:

Biology for Triple Science: £4.00

Chemistry for Triple Science £4.00

Physics for Triple science £4.00

Science for Dual award (Combined Science): £6.00

Please note that students studying triple science will need 3 revision guides (one each for Biology, Chemistry and Physics); students not studying triple science will only need one revision guide for combined science.

Please fill out the form below to indicate if you have paid via parent pay, and if so, which guides you would like. Revision guides will be handed out when the slips have been returned. **For those students in receipt of Pupil Premium, these guides will be given free of charge. Please complete the form below and write PP on the return slip.**

Yours faithfully,

Dr Beal
Head of Science
Ryedale School

I have/haven't purchased the Collins Revision guides via Parent Pay for AQA GCSE Science.

Biology for Triple Science: £4

Chemistry for Triple Science £4

Physics for Triple science £4

Science for Dual award (combined science): £6
